

Journal of Image and Graphics

CONTENTS

Volume 4, Number 1, June 2016

Face Detection and Recognition

- Enhanced Method for Face Detection Based on Feature Color1
Nobuaki Nakazawa, Motohiro Kano, and Toshikazu Matsui
- Implementing Discrete Wavelet and Discrete Cosine Transform with Radial Basis Function Neural Network in Facial Image Recognition.....6
Samuel Lukas, Aditya Rama Mitra, Ririn Ikana Desanti, and Dion Krisnadi
- The Face Recognition Algorithms Based on Weighted LTP..... 11
Haifeng Zhang and Shenjie Xu
- Face Recognition by Using Back Propagation Artificial Neural Network and Windowing Method..... 15
Mehmet Korkmaz and Nihat Yilmaz

Medical Image Processing

- Automatic Gestational Age Estimation Based on Crown Rump Length and Gestational Sac.....20
David H. Hareva, Irene A. Lazarusli, and Suryasari
- Contrast and Brightness Enhancement for DICOM Images and Lesions Auto Detection.....25
Chin Jie Lew, Kok Swee Sim, and Teck Kiang Kho

Image Processing and Application

- Image Processing Based Robot Soccer: Obtaining Multiple Robots Position and Orientation Using High-Angle Shot of Camera.....29
Hendra Tjahyadi, Giorgy Gunawan, Arnold Aribowo, and David Hareva
- Unmanned Aerial Vehicle Emergency Landing Site Identification System Using Machine Vision.....36
Sumair Aziz, Rao Muhammad Faheem, Mudassar Bashir, Adnan Khalid, and Amanullah Yasin
- Graphic User Interface for Extreme Level Eliminating Adaptive Histogram Equalization.....42
Kok Swee Sim, Desmond Teck Kiang Kho, Mohsen Esmaeilinia, Yang Lee, and Chung Sheng Ee
- Building Detection from Terrestrial Images46
Teerapat Chaloeivoot and Suebskul Phiphobmongkol
- Weight Estimation of Wheat by Using Image Processing Techniques51
K. Sabanci, S. Ekinici, A. M. Karahan, and C. Aydin
- Some Technique for an Image of Defect in Inspection Process Based on Image Processing.....55
N. Syakirin Rosli, M. H. F. M. Fauadi, and Nurfadzylah Awang

Computer Theory and Application

- Pilgrim Communication Using Mobile Phones59
Malak A. Abdelazeez and Adnan Shaout
- A Clustering Approach for Optimization of Search Result.....63
Shruti Kohli and Shashi Mehrotra
